## 2023-24 CLEVELAND SHIN SHINIT

Hi Cleveland!

My name is Noa Rabinovitz, and I'm so excited to meet you all soon!

I live in a city called Ness Ziona, which is a small city near Rishon. I love to live here because the city is very quiet and small and everyone knows each other. The city's got great cafes and great places to have picnics! We have great nature here and it brings the city specialty. I have lived here since I was 3 years old.

In my family, I am the oldest sibling. I have two siblings. One sister and one brother. My

sister's name is Tal, she's 6 years old and we have an 11-year gap between us, and that is what makes our connection so special. Sometimes I feel like her mother, but sometimes I feel like her sister, and even she calls me "mo... Noa" sometimes which makes me excited. My brother's name is Dan, he's 14 years old. I also have a very special connection with him. I love telling him about my life and he likes to consult with me. My siblings are the people I care about the most, they're the closest people to me and I love them beyond limits.

My mother's name is Maria, she was born in Russia and made Aliyah when she was 20. When she got to Israel she lived at Kibutz Maagan Michael which is a very beautiful Kibutz with a beach in it. After that she moved to Tel Aviv to study at the University "Bar Ilan" and then became a New immigrants counselor from the Jewish Agency. These days my mom works at "Knesset Israel". My father Ronen, was born in Jerusalem. He just finished his military service when he met my mom, and they live together happily now. My father works at a High-Tech company. And I also have a cute dog named "Layka" like the first dog that flew to space.

So, after I talked a lot about my family, I'll tell you a little bit about myself.

I study at the high school "Park Hamada" and my majors are physics and social sciences. I love studying both even though they are very different from each other.

I love dancing. I have danced since I was 3 years old. This is the thing I love to do the most. I dance at a studio called "Studio Nadir", and we perform every year at different places. We even fly to Ukraine and won a competition there 4 years ago. Dancing makes me feel good about everything, and it can make any hard day easier. I also teach at my studio. I teach girls between the ages of 4-5, and 10.

Another thing I really love is my youth movement- "Moadonchik". I know, it's a silly name! But this is the best movement in my opinion. Moadonchik is a unique movement that works only in Ness Ziona. It is similar to the "zofim" but much better! Moadonchik is like a big family that does a lot of things together. In the Moadonchik my job is Rakezet of 7th grade, which means I'm responsible for a group of 6 counselors. Last year I was a counselor of 7th grade, and my dream was to become the rakezet, which eventually came true.

Another hobby I have is making cakes and cookies (my challah is the best)!

And I also play a little bit of guitar.

I really love being around people, and I love making friends. My closest friends are mine since first grade and we have been through everything together. We love making little dinners with each other and going out to restaurants.

And that's me! Can't wait to start this year and meet you all!

Noa
