2-3 HOURS | UP TO 20 PARTICIPANTS
LOCATION: DANIEL STREET ON THE
BEACH, CLOSE TO THE CARMEL MARKET

Join me for a two hour workshop on the beachline of Tel Aviv, where we will play with sand and practice storytelling. This workshop may give the group tools for processing the complexities of life in Israel and abroad nowadays. In the midst of ongoing conflict and collective trauma, art becomes a vital tool for expression and healing.

This workshop offers groups a safe and different space to process and share their thoughts, emotions, and experiences through the medium, before, during or after visiting Israel after October 7th.

GRAFFITI & STREET ART IN TIME OF WAR

1.5-2 HOURS | UP TO 40 PARTICIPANTS
LOCATION: KIRYAT HAMELACHA- SOUTH TLV

Join us on a captivating graffiti tour through the streets of South Tel Aviv, where art serves as a powerful reflection of the diverse voices and perspectives shaping Israeli society after October 7th. As we explore the messages on the walls, we'll delve into the stories and emotions behind each expression. From messages of protest to symbols of resilience, graffiti reveals the thoughts and feelings of individuals navigating through these difficult times.

This tour is not “just” about the graffiti—it's an invitation for groups to talk and discuss issues that we are dealing with nowadays. It's an opportunity to talk in a different language, to hear different voices within Israeli society that you would not necessarily hear on the news.

Shalom everyone!

My name is Maya and I started guiding in 2008, I'm completely in love with what I do. I started my way in Jewish education working with many different summer camps from the state here in Israel. In 2011 I studied for two years to become a qualified tour guide. Since then I have guided Birthrights, different Federations, family trips to Israel, pilgrimage visit for all religions and private tours. I then continued to an MA Program in Jewish Peoplehood Studies and graduated with honors at the University of Haifa.

Beside being a tour guide, I also studied for 4 years at Bezalel Academy of Art and Design and graduated with a B.Des. Visual Communication. My final project was Graffiti as I am very connected to street art since my childhood. In the last few years I started creating Sand art and in 2020 I had the honor of publishing a book of my sand art called Sand woman TLV. In 2021 the English version was published and in 2023 the second edition was printed.

I believe that Art has the power to heal us, especially in these hard times. I love that I can combine these two fields together.

Thank You

HOPE TO SEE YOU SOON
